

Add + to your Bluetooth

CARDO FREECOM 4+

The ultimate 4-way Bluetooth
communication system

Sound by

Just tell it what you want and your unit
will do the rest. Always on, single step
natural voice operation makes pressing
buttons a thing of the past. It even
connects directly to Siri and Ok Google.

Sound by

Bringing the ultimate sound experience
to riders around the world, the JBL-Cardo
partnership combines Cardo's passion
for the ride with JBL's passion for sound.
Specifically designed to work inside a
helmet while riding, this JBL audio system
sounds like nothing you've ever
heard before.

CUTTING EDGE DESIGN

Tying the ergonomic with the
aerodynamic, FREECOM 4+ innovative,
razor thin wheel is a true breakthrough in
both form and function. No other Bluetooth
communication system packs so much
punch and innovation in a 20mm
thin package.

CARDO

FREECOM 4+

The most advanced Bluetooth communication system in the world

4 Way Bike to Bike Bluetooth Communication System

Whether you ride alone or in a group of 4, experience the most advanced Bluetooth communicator on the market

Natural Voice Operation

Our all-new, always-on, natural voice operating rids you from the need to ever press a button again. Just tell it what you want. It will do the rest

Sound by

Sound By JBL

Powerful speakers engineered to perfection by JBL experts with specially tuned music processor will turn your riding experience exceptional

Real Range

Outside the lab, on the real road, with real traffic, interferences and weather, FREECOM4+ will deliver you up to twice the intercom range as the competition

Extra-Slim Communicator

Only 20mm top-to-bottom. FREECOM 4+ aerodynamic design and low wind noise makes the other Bluetooth headsets look like blunt tools

Waterproof

No matter what you throw at it, your IP67 waterproof FREECOM 4+ will take the beating from water and dust and keep you connected
