

PACKTALK SLIM

The world's most advanced motorcycle communication system packed in the most super-sport 6.5mm-thin (0.25") package.

Sound by

POWERED BY DMC
Dynamic Mesh Communications (DMC) is an always on mesh networks that leaves all Bluetooth pairing hassles behind. Roam free, change positions or leave to come back later - DMC will adapt automatically and keep you connected.

OPERATED BY NATURAL VOICE
Just tell it what you want and your unit will do the rest. Always on, single step natural voice operation makes pressing buttons a thing of the past. It even connects directly to Siri and Ok Google.

Sound by

Bringing the ultimate sound experience to riders around the world, the JBL-Cardo partnership combines Cardo's passion for the ride with JBL's passion for sound. Specifically designed to work inside a helmet while riding, this JBL audio system sounds like nothing you've ever heard before.

PACKTALK SLIM

The world's best motorcycle Mesh & Bluetooth Communications System. In a super sport package

Powered by DMC®

Set your intercom group once and forget about it. Our Dynamic Mesh technology will make sure you're always connected
